U.S. EXPORT SALES

- Outstanding Export Sales
(Unshipped Balances)
On NOVEMBER 14, 1976
- Export shipments in
Current Marketing Year
- Daily Sales reported
NOVEMBER 15 - 23, 1976
-- As Reported by Exporters

Outstanding export sales as reported by private exporters and compiled with other data in this release give a snapshot view of the current contracting scene. At any given time in the course of a marketing year outstanding sales do not bear a consistent relationship to eventual export shipments. A meaningful export projection is not obtainable by the simple device of adding outstanding sales to exports to date. The latter data, alone, may provide a more reliable measure of current export activity than may be derived from a year-to-year comparison of outstanding sales.

COMMENTS PREPARED BY THE OFFICE OF THE GENERAL SALES MANAGER

EXPORT SALES REPORT

Comments on release of November 26, 1976 (based on reports from exporters for the week ending November 14, unless otherwise noted):

Wheat: Interest in wheat was nil as weekly sales activity was one of the slowest so far this marketing year (MY). Japan was the major buyer followed by Nigeria and Peru. Weekly exports also slumped, totalling the smallest yet during the MY. An optional origin sale of 101,600 metric tons (MT) to the Philippines for 1976/77 delivery was reported under the daily system.

Corn: Sales activity was the second heaviest for the MY as total sales rose by 746,000 MT. In addition, 370,700 MT changed destinations, principally from unknown to assigned destinations. Total sales to Poland rose by 213,200 MT, due both to switches in destinations and a new sale. Japan was the next largest customer followed by The Netherlands and Korea. Exports continued exceptionally heavy, exceeding 1 million MT for the fourth consecutive week.

Barley: The level of activity in the market has fallen markedly. Few new sales were made with most activity the assignment of destinations to sales previously reported in the unknown category. Weekly exports of 40,800 MT were substantial, although small when compared with the level of the 2 preceding weeks.

Grain Sorghum: Interest was high with both sales and exports active. Japan was the major customer increasing total purchases by 169,600 MT of which nearly three-fourths was a switch from optional to U.S. origin. Poland also added significantly to its total purchases. Over 100,000 MT of the week's sales activity was accounted for by switches in destinations. Exports continued heavy exceeding 200,000 MT for the second consecutive week.

Rice: The highlight was the 50,000 MT sale of long grain to Iran which accounted for over 80% of the weekly activity. Exports were off from the preceding week's heavy movement with Indonesia accounting for the bulk of the outgo.

Soybeans: Total sales showed a sharp increase (335,600 MT) in spite of a 131,000 tons drop in sales to the USSR. A 152,400 MT sale, originally reported to the USSR, was switched to other destinations. This was partially offset by the assignment of a 21,400 MT optional origin sale to U.S. origin. Exports continued at a brisk pace, primarily to the EC and Japan.

Soybean Oil Cake and Meal: Sales activity doubled from the previous week with large increases to the EC, Eastern Europe, and unknown destinations. The pace of exports continued heavy.

Cotton: Sales recovered to a modest level after a period of slack activity since the week ending September 19. Large buyers were Portugal (11,600 RB 1 1/16 inches-and-over-staple including 6,900 RB for delivery in MY 1977/78), Bangladesh (15,000 RB inch to 1 1/16 staple), and Korea (16,800 RB distributed across the three staple lengths).

Soybean Oil and Oats: Showed no significant activity.

OUTSTANDING EXPORT SALES AND EXPORTS - 1976/77 MARKETING YEAR

1/ Includes contract tolerance adjustments. 2/ A separate purchase of a U.S. commodity from a foreign seller, not involved in a cancellation or buy-back of a previously reported sale. 3/ Includes decreases resulting from shifts in delivery period from one marketing year to another, changes from one commodity to another, "buy-backs" of all or part of a contract balance by mutual agreement, and unilateral cancellation by one party which could result in a contract dispute. 4/ Does not include exports for exporter's own account.

Data shown above may not add due to rounding.
